## Sierra Madre Students May Have Six Cent Fare To High School Next Year

### School Board and Civic Bodies Met With Pasadena School Officials Tuesday Night to Settle Problem

A delegation from Sierra Madre, consisting of J. O. Smith and Mrs. Fletcher White of the local school board; George Norris, representing the chamber of commerce, and Mrs. W. C. Gruitt and Mrs. Herbert Lasiter, representing the local P. T. A., met with the members of the Pasadena school board Tuesday evening at the board's invitation, to discuss the matter of cost of transportation for Sierra Madre high school pupils attending Pasadena High.

About nine representatives from La Canada and perhaps 25 from an opportunity to present its particular case in detail, receiving courteous and attentive consideration from the Pasadena board throughout the South Santa Anita were present also, and each community was given entire conference. City Superintendent Dr. John F. West, Principal Ewing of the high school, and a bus line representative were at hand to answer questions and offer suggestions.

While the Sierra Madre delegation was the smallest present its spokesman, J. O. Smith, received the only applause given when he concluded his eloquent appeal in behalf of the high school boy and girl in such outlying sections as Sierra Madre, and made a plea for a six-cent round

trip fare from Sierra Madre, instead of the present sixteen-cent charge. He stressed the point that Sierra Madre is not asking for free transportation; it simply wants its boys and girls given an equal opportunity with the Pasadena pupils who pay a six-cent round trip fare.

The conference was for the purpose of gathering testimony rather than for final settlement of the question, and in order to facilitate matters with fairness to all concerned considering the facts submitted. Each delegation was asked to send two representatives to meet with the Pasadena board next Monday evening, July 6, when a final adjustment is expected.

It transpired during the evening that the members of the Sierra Madre school board were not strangers to the Pasadena board by any means, that the matter of our transportation has been under discussion for some time, and that, should the six-cent round trip be granted, it will be due to the persistent effort and the expenditure of time and energy on the part of the local board.

MIGNONETTE GRUIT,  
President P. T. A.

## Service Clubs Look Toward Sierra Madre

Formation of a local service and luncheon club in Sierra Madre seems to be on the cards for the near future. Whether it will be Rotary, Kiwanis, Exchange, Lions or some other club is one of the questions yet to be answered.

The Pasadena Exchange Club of which Ray R. Sutton is president, has secured sanction from national headquarters in Toledo, Ohio, to organize an Exchange Club here. At the Wednesday luncheon of the club former President Walter F. Paull and Harvey M. Dorn were designated to undertake the preliminary steps. The Exchange Club is one of the younger service clubs of Pasadena and is showing a rapid and prosperous growth.

Kiwanis International club officials have already made a survey of the Sierra Madre business community with a view to establishing a Kiwanis Club here as soon as conditions warrant. Individual members of neighboring Rotary Clubs have also been watching Sierra Madre with a view to formation of a Rotary Club.

Rotary was formerly restricted to cities of much larger population but the lower restrictions and the rapid increase in population have put Sierra Madre into the eligible class from the population standpoint.

Miss Eva Seantlebury is spending her vacation with her parents, Mr. and Mrs. S. C. Seantlebury, of 35 S. Sunnyside avenue. Miss Seantlebury is on the faculty of Stout Institute, one of the teachers' training colleges of Wisconsin.

## FOREST FIRE AT BUCKHORN UNDER CONTROL

The timber fire in the Buckhorn Flats district on the north divide of the Sierra Madre mountains is now fully under control, according to Ranger M. H. Davis, who returned to Sierra Madre from that district, Thursday afternoon. The patrol is under the direction of V. P. Vetter, West Fork guard.

According to Mr. Davis, the fire came near being one of large proportions. It was started several days ago by lightning and located only by aid of airplane. The timber was very heavy in that region and the heat was so intense that the 50 men who were sent to the fire area had considerable difficulty in fighting the flames.

### Olsen-Clouse

John C. Olsen, son of Mrs. H. P. Olsen, and Miss Letha Clouse, daughter of Mr. and Mrs. Clouse of Glendale, were married Thursday morning at Angelus Temple with only the immediate families present. Mrs. Amy Semple McPherson officiated at the ceremony. The young couple has gone to Lake Tahoe for a wedding tour. They will make their home in Pasadena, where Mr. Olsen is in the grocery business.

Asst. Chief George Norris of the fire department is planning an interesting practice for the regular meeting on July 10. All members needed.

NEWS WANTADS PAY

## Greek Myths Please Big Crowds Here

The Arcadian Festival of Greek Myths was voted by all to be one more feather in the cap of the people who take part in Sierra Madre stage productions. The pageant, which was staged by Mrs. J. Glenwood Jones and her corps of assistants, was worthy of the best traditions of the stage in every respect.

A good crowd was present on both Friday and Saturday nights and nothing but praise was heard for both performances, but the players and those who attended both nights say that the Saturday performance was far better than that of Friday night.

About 50 people took part in the pageant, all of whom were well cast and suitably costumed for their respective parts. The outstanding features of the performance, however, were the seven muses, with Miss Beatrice Stevenson at their head. These girls worked early and late on their parts and their training was very much in evidence upon the nights of the performance. The friezes were especially effective.

The Roberts garden made a very effective setting for the performance and with the electrical effects created by Guy Steinberger of the Sierra Madre Electric company, the location for the entertainment was as near perfect as could be expected.

## Car Crashes Into Tree Three Hurt

Three persons were seriously injured and four others sustained minor injuries Sunday afternoon when the car in which they were riding crashed into one of the two oak trees standing in the middle of the double drive near the corner of East Central. The car belonged to John Zunino, an employee of the city of Monrovia. His wife and two small children suffered fractures of the skull.

Dulkarco, driver of the car, two children and John Zunino were only slightly injured. Whether the driver lost control of the car or merely failed to see the trees was not ascertained. The injured members of the family were taken to the Monrovia hospital for treatment where it was reported they had a good chance for recovery.

## Permits in June, 1925, Are \$44,500

Building permits for June of this year were twice as much as during the same month in 1924. The total for the last month was \$44,500 while the same month in 1924 was only a little more than \$22,000. Following is a list of permits issued for the month of June, 1925:

E. P. Bradford, S. M. Canyon	\$1,500
E. H. Croft, 381 Grove	300
Brice Academy, N. Auburn	700
L. Nick, Dewey Crest Drive	1,000
Andrews & Hawks	1,500
So. Co. Gas Co., 48 E. Mon'to	35,000
Amelia Jensen, 185 N. Lima	200
Addie L. Vanderberg, Mt. Wil	300

## Young People Attend Meeting

A delegation of ten Sierra Madre young people left the first of the week for Claremont where they are attending a conference of Congressional young people until July 6. This is the sixth annual conference to be held there and most of them have been well represented by the Sierra Madre young people. Last year the local delegation won second place on convention points being beaten only by the number of delegates of a large Los Angeles church. The delegation this year is Virginia Jones, Dorothy Davis, Mary Wark, Elizabeth Butsch, Sarah Schwartz, Dorothy Pruden, Constance Tarr, Muriel Tarr, Lloyd Tarr, and Lester Bodine.

## DR. CAMPBELL WILL PREACH NEXT SUNDAY

Dr. James M. Campbell of Claremont will occupy the pulpit at the Congregational Church next Sunday morning. As former pastor of the church and with many friends in Sierra Madre, Dr. Campbell's occasional visits to the church are full of interest. His topic will be "A True Evaluation of the Church." At the age of 85, with a long record as a minister and author of religious works, Dr. Campbell is well qualified to speak on the subject, for his thinking is fresh and keen in spite of his advancing years.

## Friends of People Here Not Injured

So far as could be learned no former residents of Sierra Madre were injured by the Santa Barbara disaster, though some of them sustained slight loss in property. Miss Jessie Ward received a letter from Mrs. Olivia Beers, a few days ago, to the effect that only a few broken dishes and crockery bore evidence of the earthquake at her home. Mrs. Beers was in San Diego at the time of the quake and did not arrive home until later in the day.

Mr. and Mrs. Wilbur L. Gilliland and two boys of Santa Barbara drove down Wednesday. Mr. Gilliland returning home the same day while his family remain for a visit with the Lord and Caskey families. Their departure from Santa Barbara was not occasioned by the quake, the visit having been previously planned.

The Gilliland home is on the heights above the mission, which was damaged by the collapse of the bell towers. Although their residence was built of cement blocks, it was not damaged beyond slight cracks in the walls. Some dishes were thrown to the floor but none was broken.

The Santa Barbara Title company, of which Mr. Gilliland is an officer, has its office on State street a short distance below the wrecked San Marcos building. He says the front and rear walls of their building were so badly damaged that they will have to be replaced. Mrs. Gilliland says she has gained a better idea of the details of the catastrophe from newspaper pictures than from her own observation because of the strict guard which was maintained to keep everybody away from the damaged portions of the city who did not have business requiring their presence there.

Ole Hanson, well known real estate man with large holdings in Sierra Madre, was spending his vacation on the beach at Santa Barbara when the quake started. According to Mr. Hanson there was little excitement, so far as the population was concerned. After the buildings had fallen the police roped off the streets and guards were posted.

W. E. Doty also visited the stricken city this week and reports that the city is one of the most desolate looking places he has ever seen, although the work of replacing the fallen buildings has already started. The shock of the quake was felt slightly in Sierra Madre but not sufficiently strong to cause damage.

## Fireworks Verboten in This City

"Absolutely no fireworks in Sierra Madre on July 4," says City Marshal A. M. Udell. Mr. Udell has been repeatedly called on the telephone this week by people who believe that their particular part of town should be exempt, he says, but the danger of fire is so great and the possible consequence is so serious that not a single exception to the ordinance can be made.

Special plans have been prepared by Ranger M. H. Davis and Mr. Udell for an air-tight protection over July 4th. Registrars are being stationed at the foot of all trails and the entrances to canyons, whose duty it will be to stop every automobile or pedestrian entering these canyons or trails and have each hiker or driver of each automobile register. The public will be informed by these registrars that camp fires will be allowed only in the public camps of the canyons, also that no smoking is permitted within the forest except at public camps and places of habitation. No fireworks will be allowed him within the forest and fire works found on persons will be confiscated. Special patrolmen will also be on duty in the Big and Little Santa Anita canyons to police the camps and trails. The earnest cooperation of the public in preventing fires and in using particular care in the handling of fire in any form is requested, Mr. Davis says.

## HARD TIMES IS POPULAR EVENT

About 65 members and friends of the Congregational church were present at the "Hard Times" dinner given at the church Tuesday evening. Everyone present expressed themselves as having had the time of their lives and not a few maintained that the dinner was the best that had ever been served in Sierra Madre. The guests all came dressed in old clothing and a fine was assessed against all white collars present. The program was arranged so as not to put the clothing in too much danger.

Miss Dorothy Leopold has accepted a position as assistant at the Central Pharmacy.

## Club Presidents Make Addresses at Closing of The Local Club Year

### Mrs. Stork, Retiring President, Gives Report and Miss Klemme Tells of Plans for Next Year's Work

#### Mrs. Stork's Farewell Address

I have the sensation today of literally translating my childhood's conception of the great Judgment Day. The great white throne, the circle of witnessing angels, the big open Book, the sad face of the recording angel. Today seems the day of judgment of one year's stewardship, and I shrink, as when a child, before the baring of the slender records to your critical consideration.

Each chairman, in her report, has stated so concisely and modestly the bare cold facts concerning the mass of work done! She has, perhaps wisely, considered brevity the soul of wit. Granted—but it is not the soul of the heart. The hard fact of so much money received—so much expended—so much remaining! All the bright ideas of gaining that money—the joy and good fellowship of earning it—the careful thought given to the expending it, all left out!

In the record of the number of meetings held, the word "fifteen" expresses it. All account of the friendly intercourse in them left out, the kindly, encouraging words spoken, the inspiration of mind upon mind, passed by, and yet they made up the main account.

I urged the chairman of the Wistaria Fete to send me her report. "O," said she, "the treasurer has it all in her report." Again—so much received, so much paid out and so much profit. Only those things the world could pass sentence upon—things done that took the price. No word of the joy she had in planting, training, tending the lovely flowers that made the grounds a veritable paradise of beauty, no report of the hospitality of her home thrown wide open for our use and comfort, no account of the many hours spent in planning, nor of how many steps taken for courtesy's sake, no account of her cheer and comradeship with her co-workers, or how she created an atmosphere of harmony—all that we fail to plumb: the record runs only assets and liabilities! No wonder our records seem slender, so much left out!

#### Spirit of Cooperation

The hospitality committee reports briefly the number of lunches and those responsible, not encroaching upon our valuable time. Ah, this hurrying, rushing world! The beautiful, generous cooperation of the Episcopal Ladies' Guild, and of the Congregational Ladies Aid, in preparing and serving two of the lunches might justly have filled many lines in that report, with our gratitude and appreciation of their Christian service.

What graceful brevity from our Floral Committee, merely expressing their joy in their work, and gratitude those who lent a hand! Every meeting of this club year this barren room has been transfigured into a bower of artistic beauty through the generous gift of blossoms and their perfect arrangement by this faithful committee. How could the fact have been compressed into so few lines?

No doubt our committee on Ex-service Men's Aid could fill a volume with her journeyings to and from Sawtelle and her experiences with her beloved boys. How much is left out, when we consider her enthusiastic and faithful service!

Our chairman of Conservation reports modestly of efforts which place this club in the front rank of those who went over the top with their quota.

I wish the complimentary phrases of our guests during the year of our

(Continued on page three)

## DR. KREBS HAS OFFICES IN NEW BUILDING

Dr. Lloyd Krebs of Sierra Madre has moved his Pasadena offices from the Colorado Street location which he has occupied for several years to the new Professional Building at the corner of North Madison and Herkimer Street. He will retain his local office in his residence at 65 East Central.

The Professional building is Pasadena's newest office building and was planned and erected primarily to meet the needs of physicians, surgeons and dentists. It embodies the very latest features for such use and is said to be one of the finest of its kind in the country. While conveniently located just a block off Colorado Street, it is away from the noise of street cars and other heavy traffic.

Mr. and Mrs. W. R. Morgan left on Wednesday for Naples Beach, where they expect to spend the summer.

#### Miss Klemme's Address

It is in a sincere spirit of humble pride that I accept this gavel. There is no greater disappointment than in having a friend fall short of the expectations and ideals one has even subconsciously built up around that friend. I hope not to fall short of your expectations of a president of the Sierra Madre Woman's Club.

Club work is new to me. I must study and learn. So you may understand that to myself it seems most presumptuous to follow in the footsteps of presidents who had years of experience in club affairs. And it is doubly hard for me to accept this office immediately following Mrs. Stork's inspiring administration. But I will allow no fear to enter because I have a justifiable feeling of pride. You members of the Woman's Club have considered me worthy of this office, and even more wonderful than that, you have expressed your willingness to "back me" and make this new year one of happiness and success.

#### Good Year in Prospect

No organization is successful if conducted as a one-man job. It requires many officers, each one fulfilling his tasks earnestly and constantly; and it also requires the cooperation of the stockholders with the officers. The club is filled with efficient women; and so, with capable officers elected and appointed to represent us, and with the whole-hearted cooperation of the entire membership, we may truly expect a year of success and growth.

It is with pleasure that I read the names of your official family for next year.

It is natural to disagree. It is a sign of healthy development. But we must keep in mind constantly the rights of another to his own ideas. Inconsistent as it may sound, a workable new plan might be formulated, incorporating the best ideas of the opposing sides. There is something to be said on the other side of every question, otherwise it would not be defended.

No person is right all the time, any more than any person is wrong all of the time. There is a story that illustrates this phase very nicely: Two old friends had a serious business quarrel. There were hard words and talk of a lawsuit. One of these men went to a lawyer for advice regarding the chances of winning a legal fight. He explained one side in detail and then asked what the lawyer thought of the case. The lawyer said, "Why, there is no question of your winning; it's as good as won now. Give me the names and data and I'll proceed at once." "No," said the man, "if you are so sure of winning there will be no suit started for, you see, I've told you the other man's side of the case."

One with God is a majority. What then may not be accomplished when an organized body asks the help and direction of the Infinite One, who is all-powerful, all-wise and ever present.

#### Community Spirit

This coming year we are going to work towards a still greater cooperative feeling of social, educational and spiritual development in Sierra Madre—a community spirit expressing appreciation of the manifold blessings bestowed upon this little foothill town.

I am asking each chairman to make her department truly active; the study sections to be the laboratories of constructive research. I beg permission to reconstruct the old adage, "A chain is no stronger than its weakest link," to "The strength

(Continued on page three)

## EDISON CLUB CONFERS THIRD

A large number of Sierra Madre Masons were present Tuesday night at the Sierra Madre Temple when Chief Peter Beconis, assisted by a number of volunteer helpers served a fine chicken dinner to the members of the order. Following the dinner William Black was raised to the degree of Master Mason by the Southern California Edison team. Mr. Black is a member of the Edison organization and the Edison club members were the guests of the lodge.

George B. Morgridge went to Glendale Friday night where he held a conference of officers of the Masonic lodges of that vicinity. This was the last of a series of conferences he has conducted with the officers of all the Masonic lodges from Ontario to Burbank in the interest of an educational program now being developed by the educational committee of the Grand Lodge of California.

## To Ask for Funds for Our Forests

Colonel W. B. Greeley, chief United States Forester, will be the guest of representatives of the Conservation Association of Southern California, of which the Sierra Madre Water department is a member, at a luncheon at the University club on Friday, of this week.

Following the visit of Colonel Greeley, who is on an inspection tour of the National Forests, the Conservation association will launch plans looking to the securing of the passage of United States Senate Bill 4155 at the next session of Congress. This measure, popularly known as "the Million Dollar Bill," was introduced in the last session, in the interest of watershed areas of Southern California. Recommendations that such Federal aid be granted were the result of a hearing held by the Federal Board of Fire Review which followed the disastrous San Gabriel fire of last summer.

As a result of the recurring disastrous fires and consequent damage by flood, mountain and hill slopes are retaining less and less of the rainfall, with the result that the underground water supply from subterranean gravels, upon which most of our smaller cities depend for domestic use, has fallen to a marked degree. Manager H. S. Ryerson of the Conservation association announces that the campaign to secure the passage of this bill will be actively carried on in all of the counties affected by the provisions of the measure.

It is pointed out that the passage of this bill means an expenditure of \$2,000,000 for the rehabilitation of watershed areas, in that it provides for a participating program which will match dollar for dollar the constructive work being done by the governmental and private agencies.

## CITY PLANNERS OF COUNTY WILL MEET AT BEACH

The next of the interesting meetings of the association of city planners of Los Angeles county will be held at Long Beach on July 11, and it is hoped that Sierra Madre will be well represented at this important affair.

Although the harbor will naturally be the main point of interest as a two hour trip around it to give everyone an adequate idea of the present and proposed improvements will take place in the morning by the courtesy of the Long Beach City planners, the rest of the county will not be neglected. Mr. G. Gordon Whitnall has the program in charge and promises some splendid information concerning the recent Boulder Dam meeting at Ontario, and a good talk, with ample time for discussions from the floor, on "What City Planning Should Mean."

The free sight seeing trip around the harbor which will be a feature of the day for the city planners, will leave the Pine Avenue Pier at 10 o'clock sharp. The party will return to the Chamber of Commerce quarters in time for lunch and the afternoon program will take place there.

Mr. and Mrs. H. C. Wright left Monday for their home in Elmira, New York, after a visit to their son, L. C. Wright of 35 S. Sunny-side avenue.

## As It Occurred 18 Years Ago

In Those Days the Sierra Madre News Printed These Items Now Copied from Files

A shipment of dynamite and giant caps consigned to George Crow arrived by freight Wednesday and was unloaded by the company at the Baldwin Ave. station. Someone placed the box of caps on top of the ten pounds of dynamite and it so remained until discovered by Mr. Hosmer yesterday.

A pleasant social event took place on June 28, when Mr. and Mrs. C. K. Hoffman opened their new residence on Central avenue to their friends of this city and Los Angeles.

Among the new books recently added to the library is "The Heart of the Gospel," written by our esteemed pastor of the Congregational church, Dr. J. M. Campbell.

About 12 o'clock Monday night a pack of six or seven coyotes visited the grounds at the home of Mr. and Mrs. C. A. Hunt.

One of the Twycross busses came to grief this week by the team running away and colliding with a tree.

Miss Lottie Humphries came home this week after six weeks visit at Catalina Island.

Miss Johanna Saenger was among those who had neat and attractive decorations at their places of business on the Fourth.

## Director Thanks Fete Co-Workers

Now that the Greek Festival is history, it is fitting that a few words of praise and thanks be said to all the people who assisted, whether in the cast or on the executive staff, and especially to those who gave untiring loyalty and devotion during the trying time of rehearsals and postponement.

Few people in the audience, in the cool evening, under the star-lit sky, knew about the faithful friends who worked all day Friday in the season's heat, to prepare the stage.

Dear old stage—it is used for many purposes, principally for financial benefit for different organizations. Money is made by way of the theater for various funds, seldom is the benefit for the stage.

No one can question the beauty of Saturday night performance, and it was true to the highest traditions of art for art's sake. Members of the Woman's club, the young people, non-members of the club, the men of Sierra Madre who gave their time and courtesy so ungrudgingly, the staff from the City Hall who gave us their protection when needed, and the lady who loaned us her house and garden; I remember you all with a very grateful heart.

Long after you have all forgotten the whole affair, memory will keep for me a beautiful stage setting under the trees and we will all be working together there for the spirit of beauty. Truth is beauty, beauty is truth.

MRS. J. GLENWOOD JONES.

## Costumes

Please return all costumes used in Greek Festival, to the Woman's club house, care Mrs. Dewey, Wednesday, July 8, 10:00 a. m.

Mr. and Mrs. C. Hall Perry, 113 East Laurel, are the parents of a fine girl born June 23. The new comer has been named Nancy Fairbanks.

Mr. and Mrs. Guy Steinberger spent the week end at the Farman cabin in Mill Creek Canyon.

Frank E. Cox has returned to his work at the Sierra Madre Hardware after an illness of about ten days.

Mr. and Mrs. I. E. Jones, 136 W. Highland, are the parents of a fine boy, born on June 18. The young man has been named Robert Harry.

Mr. and Mrs. W. H. French of Philadelphia were week-end guests of Mr. and Mrs. E. A. Newton of 217 S. Baldwin. The visitors are on a sight seeing trip in California for the first time and were free in their praise of Sierra Madre as the most delightful spot they have seen.

Royden O. Pool of Portland, Ore., has been visiting his mother, Mrs. Mary J. Pool of 76 Bonita avenue, this week. He came south as one of a party who are attending the convention of dentists in Los Angeles and expects to return within a few days, making the round trip by automobile.

Mr. and Mrs. Edward Thiel and son, Edward, Jr., of Fond-du-lac, Wis., have taken an apartment at the Alcorn residence, 178 E. Central. In the course of a week or ten days Mr. Thiel and his son will open a musical studio at the above address, where they will give instruction in saxophone, mandolin, guitar and banjo.

Ole Hansen expects to open his Sierra Madre office in the room now occupied by Andrews & Hawks, within a few weeks, according to Hugo Carlson, who is in charge of Mr. Hansen's real estate operations. Immediately thereafter, Mr. Carlson says work on the new subdivision will start.

## Mrs. Stork Makes Her Last Speech

Courtesy Committee could be transcribed as a supplement to the modest report you have heard.

Modesty Very Prevalent  
The chairman of Music is a brilliant example of self-effacement—no report of the two excellent programs she was responsible for.

All of you must have followed with unabated interest the reports from week to week of our Press Chairman, of our club's "doings," though she sums up the year's work so concisely.

Another example of self-effacement is our chairman of Home Economics. No report from her of the exceptionally excellent luncheon entirely prepared and served by her and her student body, followed by an afternoon program of a valuable lecture on the Science of Home Economics by her efficient self.

Lastly I come to the two chairmanships of Drama and Art. Their reports have been somewhat fuller, and yet the half has not been told of the wealth of their many meetings throughout the year. My great regret is that more of our club members have not availed themselves of the rare opportunities. I cannot speak adequately of the value of our genius of the drama, for the climax of her work is yet to come. But you will realize that no suburban town in our district possesses her equal.

Wisely learning from my coadjutors somewhat of their modesty and brevity of reports, I here inject that of the chairman of programs. We have had several well spoken of by the press, and at least have the merit of having in no wise depleted our treasury.

And now I have fully used my privilege of chatting on matters of the club, and on this, the last day of my incumbency, I will descend to the brass tacks of true business and give you as succinctly as I can the high lights of the achievements of the club year. Firstly as to finance: Received to date, June 20, \$8,033.65  
Paid out ..... 7,818.69  
Balance on hand ..... 214.96  
Details are shown by the treasurer's report.

In Civics we have cooperated with the city's functions. Details in the Recording Secretary's report.

2nd, Parliamentary Study: Weekly active, enthusiastic classes under the rare privilege of Madame Osgood's instruction.

3rd, Drama: Bi-monthly meetings with intensive study. For proof of value, note our wonderful Sierra Madre pageants.

4th, Art: The chairman has held monthly meetings, with illustrated lectures, and presented two art programs.

5th, Government: Wishing to be good politicians as well as saints, we have held two extra meetings in evenings, that our brothers might join us in receiving instructions from experts invited to instruct. One practical result was, through strenuous exertions, the obtaining of 97 per cent voting capacity of our club members. A good showing as compared with the national 35 per cent.

6th, Ex-soldier Service: Visits to

## Miss Klemme Tells New Year Plans

of the tiniest link adds to the strength of the whole." Our influence in this big old world may be so slight that it appears nil; but a kind word, a kind deed, or a kind thought is never lost. And so, within our club and in our cooperation with other organizations also reaching towards the achievement of social, educational and spiritual perfection we, as one of the tiniest links of a chain, may have a part in the means to a great end—international peace and the spiritual healing of the world.

Does that sound like supreme audacity? Truly it is not. We are here for a reason; our contact with one another is for a purpose, it is never chance! But too often we do not accept the opportunity for giving or receiving good thus offered. We try to build from our limited vision and so delay that for which we work. However, God's master plan remains unchanged. Our place in that plan may seem too insignificant to even be needed. Fortunately, perhaps, the work we accomplish here will not be judged by our standards of importance. Therefore, in all our dealings in the work and play of our club next year, let us pray sincerely for a heart of understanding, love of our fellow men, and the fulfillment of our particular task in God's great plan.

Sawtelle bi-monthly, leading the boys with benefits.

7th, The Press: The chairman has won expressed distinction from different papers. Her scrap book is here in evidence.

8th, Hospitality: Courtesy and luncheon committees have held the heart of the club, artistically and beautifully winning our gratitude.

9th, Our Club representative, or minister plenipotentiary has brought us from Sacramento and the Federation body valued information, inspiration and incentive to action. We wish for her a larger field of action. Scholars have quoted her as exceptional in expressing information gained.

10th: Last but not least, our Wistaria Fete was a howling success.

Miss Doris Woods, who is teaching swimming at the Canyon swimming pool, has rented the Pratt cottage for the summer in order to be near her work.

Once just a Summer necessity—Now  
unsurpassed for all-year cooking!

THE modern oil-cookstove, with its wonderfully efficient speed-burners, perfected ovens and broilers, heat control, simplicity of parts, etc., gives you city cookstove service anywhere, and the year-round! No mussy fires to tend—noiseless, simple, safe!

But remember there's a big difference in kerosene and that the efficiency of your oil cookstove depends very largely on the kerosene you use. "Pearl Oil" means the "best" oil for oil cookstoves and heaters. It is refined and re-refined—that's why it's cleaner-burning, delivers flame that's all heat and why it won't corrode the metal parts of your equipment. Enjoy your oil cookstove to the utmost—be sure you order "Pearl Oil" by name!

## An Electric IRON with perfect ironing temperature

It never gets too hot—nor will it get too cool. No matter what may be the conditions, it will always be at the proper temperature. Put it to any test. Try to make it overheat. Try to cool it off without disconnecting the plug. And you will find it can't be done. That's why the Westinghouse Automatic Iron gives you—all the time—a perfect ironing temperature.

Combine this feature with the Westinghouse Iron, already famous for its beveled base, greatest ironing surface, even heat distribution, and perfect balance, and you will want to own one.

## Jones Plans Small Squad For Football

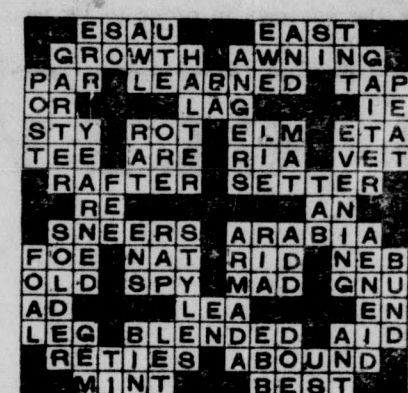

Howard Jones, new football coach at the University of Southern California, and exponent of the famous "Jones execute system," has solved the problem of getting acquainted with the men who are to form his varsity team. To an already unprecedentedly heavy schedule of eleven games, a double header has just been added by Coach Jones to open the Trojan season on September 26. On the afternoon of that date the Trojans will meet the teams from Whittier College and the California Institute of Technology. Into these two games the coach will throw, at one time or another, every man on his squad.

Coach Jones is of the opinion that good team work requires concentration on a small and carefully picked body of players. A large, unwieldy varsity squad, the coach declares, results in a dangerous lack of coordination and team play at just the time when team work is most needed. The Trojan squad, Jones predicts, will be cut down to about 30 men after two or three opening games.

It would not be surprising if the double header system in football, patronized by Jones, were to replace among the large universities the old method of annihilating smaller colleges in early season practice games by sheer weight of numbers. Minor varsities that serve to warm up the stronger elevens quite often face as many as four teams of fresh players in one game. This numerical strength is not fair to the opposition, Jones holds, nor is it good for the more important team. Jones is now conducting coaching school at Colorado State Teachers College in Greeley.

William J. Holt of London, England, was the dinner guest of Dr. Gilbert S. Bovard at the Wistaria Tea Garden on Tuesday.

Mr. and Mrs. Emil Haunstein have leased the cottage belonging to Mrs. Sharp in Sierra Madre Canyon for the summer. Mr. Haunstein has purchased a lot here and will build a home soon.

R. R. Merwin and son of Huntington Beach is spending the summer in Sierra Madre at one of the Harrington cottages in Sierra Madre Canyon.

## Herbert Has Big Offer on Used Cars

"Would you be willing to drive your car into Los Angeles if you could be assured of securing anywhere from \$100 to \$300 for the trip?"

There are probably very few car owners who would knowingly pass up such a proposition. This is, in substance, the exceptional offer being made by the W. P. Herbert Co., distributors of Chandler and Cleveland Six automobiles, who are located at 1100 South Flower St., Los Angeles.

"Ordinarily the appraisal figure of any particular make and model of used car is set at some definite amount," says one of the Herbert officials, "and there is usually little variation from this figure among the various dealers. However, our stock at this time is at a minimum and this shortage, coming as it does just prior to our annual used car sale, makes it possible for us to exceed our usual allowances by a considerable figure in order that we may be assured of having plenty of good used cars to take care of the demand which our annual sale always creates."

"Consequently we are prepared to offer more money right now for good used cars that may be turned in on the purchase of new Chandlers and Cleverlands than we could at any other time," continued the Herbert official. "In fact, our appraisal will probably exceed that offered elsewhere by from \$100 to \$300, provided the cars are brought in to us for appraisal within the next ten days. Moreover, these allowances that we are prepared to make will, in almost every instance, exceed the first payment on the new Chandler or Cleveland Six, which range in price from \$1095 to \$2600 delivered."

"Chandler and Cleveland automobiles need no introduction in Southern California," continued the Herbert official. The remarkable record-breaking achievements here in the southwest, in which a stock Chandler covered 1000 miles on the Culver City Speedway in 689 minutes at an average speed of 86.96 miles an hour, and a stock Cleveland performed the same feat in 746 minutes,

averaging 80.6 miles an hour, in addition to establishing new records on Mt. Diablo, Mt. Wilson and Mt. Baldy, have demonstrated beyond any doubt that for stamina, power, durability and strength, Chandler and Cleveland have no equal. Their performances are a guarantee to the motor car buyer of intrinsic merit that assures long life, and freedom from mechanical trouble under the comparatively easy conditions of ordinary use."

The Woman's Guild of the Church of the Ascension will give a luncheon and card party in the Parish house, Wednesday, July 8. Luncheon at 75c a plate will be served at one o'clock, bridge and five hundred being played later. Reservations may be made with Mrs. T. M. Webster, Red 166.

## Resolution

Adopted by the Missionary Society of the First Congregational church:

Whereas, the Heavenly Father has deemed best to call home one of our dear members, Mrs. G. A. Anderson, a true and earnest worker;

Therefore, be it resolved, by this Society, that we shall miss the cheerful smile and pleasant greetings; that we wish to testify to her true and noble Christian character, of her patience in suffering, and, though not now with us, the influence of this dear sister in Christ will still remain with us, and will be felt in and through this Society and other branches of the church.

Resolved, that this resolution be spread upon the records of this Society and that a copy be sent to the bereaved family to whom this Society extend their heartfelt sympathy.

COMMITTEE ON RESOLUTIONS.

## Eureka Gas Wins over 14 Brands

HAPHAZARD guesses, vague promises, mere theories about gasoline performance meant nothing to the Crown Stage Lines. They wanted real facts and figures. So they tested fifteen brands of gas in their own busses, right out on the highways.

—Eureka won over them all—by its efficiency in starting and by a lead of almost two miles to the gallon. Now Crown Stages naturally use Eureka exclusively—its superiority has been proven in actual performance.

## Hand Picked Paramounts At Wistaria

The attraction at the Wistaria theater July 4 is "His Majesty, the Outlaw," an Arrow "Great Western." Ben Wilson is the star, and his name flashed on the screen is sufficient to insure a picture brimful of brisk, snappy action, furious fights, intrigue and heart interest, and "His Majesty, the Outlaw," has all the elements which hold the interest from start to finish.

One of the most interesting of the new photoplays to be shown locally next week is Paramount's society drama, "Any Woman," which opens at the Wistaria Sunday and Monday. This screen play not only boasts the authorship of Arthur Somers Roche, one of America's most gifted writers of fiction, but the direction of Henry King, and the attractive personality of Alice Terry—three factors that make it well worth seeing.

"Captain January" with Baby Peggy as the star will be the feature of the Tuesday and Wednesday shows. The eternal conflict between the sexes forms the basis of the story of "Gambling Wives," the new Arrow photoplay which comes to the Wistaria Thursday. It is said that the author, Ashley T. Lark, has treated his theme from an entirely different angle, with the result that one of the most interesting photoplays of the year has been produced.

Roland West, producer of "The Monster," the Metro-Goldwyn picture at the Wistaria Theater Friday and Saturday, July 10 and 11, with Lon Chaney in the title role, is also the director and the producer of "The Unknown Purple," the mystery play which he and Carlyle Moore wrote for the stage, and which Mr. West adapted to the screen. Among other productions which he directed is "De Luxe Annie," in which Norma Talmadge and Eugene O'Brien played the leading roles. C. Gardner Sullivan wrote the titles for "The Monster," which Willard Mack and Albert G. Kenyon adapted to the screen.

Mr. and Mrs. Adam Mueller and family left Wednesday for Cincinnati, where they will visit with relatives for some time.

Roland Adams spent the week end in Long Beach visiting his family who are spending the summer there.

Mr. and Mrs. Oscar A. Peterson and daughter Hortense drove down from San Bernardino Sunday and spent the day with Mr. Peterson's sister, Mrs. Hortense Hill. Miss Hortense, who has just graduated from San Bernardino high school remained for a fortnight's visit.

Ladies of St. Rita's Altar society will hold an open air card party on the dance platform at the Trail store Friday evening, July 11. Both bridge and 500 will be played; good prizes for both ladies and gentlemen. All are invited. Come and spend a pleasant evening under the oaks and sycamores.

Mrs. Homer Glidden and daughters Elizabeth and Frances, left Sunday by auto for the east. They were accompanied by Mr. and Mrs. Will Shaw and daughter Adeline of Hollywood. At Chicago they will meet Mr. Glidden who has been spending several months in the east in the interest of the Batchelder-Wilson Tile Co. They will continue the motor trip to New York before returning.

Mrs. W. H. Ingraham, 59 North Sunnyside, was hostess to a party of girls at a luncheon given Monday in honor of the birthdays of her niece, Miss Margaret Bullock, and Miss Irene Lockhart. Beside the honored guests those present were Miss Mary Jameson, Miss Viola Fennel, Miss Mary Brain, Miss Margaret Bains, and Misses Byrl and Doris Clewett of San Gabriel.

### SCENIC POINT

A Rendeau  
By FRANK E. BARBOUR

O tranquil spot! The wanton mists entwined  
Abandoned arms around unheeding pine.

The poet thrills to melodies unsung  
While wisdom springs unuttered to his tongue.  
Ah! Would he could those melodies confine!

The valley's vast expanse; the shimmering shine  
Of distant sea; this altar hill a shrine  
With candles set about; to old and young  
A tranquil spot.

'Tis here the limner drinks ambition's wine.  
Refreshed, he blends his thoughts with blurring line,  
And in the gallery of his mind is hung  
His masterpiece. An unknown bard has flung  
His song upon the air; the song is thine,  
O tranquil spot.

A baby girl was born to Mr. and Mrs. Earl Malone, 210 East Highland on June 20. The newcomer has been named Phyllis Roberta.

Mr. and Mrs. C. W. Manny are the parents of a fine baby girl, born on June 26 at the Sierra Madre hospital.

Mrs. Carl Young, son Richard, and daughter Mary, left Wednesday for Venice to spend a short vacation.

## News Wantads Bring Results

### STORKS will live ONLY in REPUBLICS

—Or so people used to think in the 16th century.

This is the 20th century. But we are still superstitious; for example, when we pay fancy prices for eastern lubricants in spite of the fact that the best crudes so far discovered for the manufacture of a motor oil are obtained from wells on the Pacific Coast.

*Experience explodes the anti-western oil superstition*

Zerolene actually lubricates better—and because it does it lubricates more cars in the Pacific Coast states than any other oil made—low and high priced cars alike. The most advanced refining process is this Company's patented high-vacuum process, during the use of which Zerolene is submitted to 15 positive checks for quality. Zerolene's special filtration through 40 tons of Florida Fuller's Earth gives you an oil that's absolutely pure and safe.

*A longer working life for your motor*

Zerolene will increase the gasoline mileage of your car, reduce carbon accumulation and lengthen its working life.

Why pay tribute to a superstition? Insist on Zerolene—ask for it by name.

*Get the Facts!*

A series of independent and impartial reports showing the experience of large users with Zerolene has been collected in our booklet, "Why Pay Tribute to a Superstition?" Ask any Standard Oil Company representative or Zerolene dealer for a copy.

**Insist on  
ZEROLENE  
even if it does  
COST LESS**

### FIRE PERMITS ARE DIFFERENT THIS SUMMER

Camp fire permits must again be secured this year before it is permissible to build any kind of an outdoor fire on National Forest lands in California, according to announcement by the U. S. Forest Service headquarters in San Francisco. This regulation covers not only ordinary outdoor camp and picnic fires, but fire in any kind of a stove using gasoline, coal oil, wood, or other forms of fuel. Permits may be secured free of charge from any Federal forest officer, State fire warden and other designated agencies such as automobile clubs and sporting goods stores.

The 1925 camp fire permit differs from those of previous seasons, state forestry officials, in that this year the permit is not valid until the applicant has signed the permit; which signature binds the permittee to observe certain rules in respect to care with camp fires, burning tobacco, matches, etc. Windshield stickers will not be used this year to designate holders of camp fire permits.

General camp fire permits covering all national forests in California, or the entire summer vacation season, will not be issued. Permits will be restricted to individual forests and trips, except that where visitors are planning a continuous trip through a number of different

Government forests, a permit covering the forests concerned and for the period of the trip may be obtained. Camp fire permits for the three national forests in Southern California can only be secured from officers of these forests or their designated agents.

The attention of all visitors and users of national forest lands is especially directed to the fact that the throwing away of burning tobacco, matches, or other inflammable material which may cause a fire is prohibited by Federal regulation. Violators of this regulation are subject to fine or imprisonment, or both. A similar state law, passed by the last legislature and signed by Governor Richardson, becomes effective July 24 throughout California.

A. N. Adams spent the week end at Long Beach visiting with relatives and taking a short vacation.

#### ORDINANCE NO. 292

AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE CREATING THE OFFICE OF ASSISTANT SUPERINTENDENT OF THE WATER DEPARTMENT OF SAID CITY, DEFINING THE DUTIES OF SUCH OFFICER AND PROVIDING FOR THE APPOINTMENT TO SUCH OFFICE AND FOR FIXING THE SALARY OR COMPENSATION THEREOF.

The Board of Trustees of the City of Sierra Madre do ordain as follows: SECTION 1. The office of Assistant Superintendent of the Water Department of the City of Sierra Madre is hereby created.

The appointment to such office shall be made by a Resolution duly passed by said Board of Trustees, and which said Resolution shall also fix the salary or compensation to be paid to the appointee therein named, and who shall hold office during the pleasure of said Board.

SECTION 2. The duties of such Assistant Superintendent of the Water Department shall be to have charge of the operation, maintenance and repair of the Water System of the City of Sierra Madre during the absence of the Water Superintendent or at any time when such Water Superintendent is for any reason unable to act, subject to the control of the Board of Trustees of said City, and at all other times he shall perform such duties in the conduct of said Water Department as the Superintendent or the Board of Trustees of said City may direct.

SECTION 3. The City Clerk shall certify to the passage of this Ordinance and its approval by the President of the Board and shall cause the same to be published by one insertion in the Sierra Madre News, a weekly newspaper of general circulation, published and circulated in said City of Sierra Madre and thereafter the same shall be in full force and effect.

Adopted and approved this 25th day of June, 1925.

J. D. SPARKS,  
President of the Board of Trustees

Attest:  
L. DIETZ,  
City Clerk of the City of Sierra Madre.

(SEAL)

State of California,  
City of Sierra Madre—ss.  
I, L. Dietz, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing ordinance was duly adopted by the Board of Trustees of the City of Sierra Madre, State of California and signed by the President of said Board of Trustees at a regular meeting thereof, held on the 25th day of June, 1925, and that the same was passed by the following vote:

AYES: Trustees: Bacon, Porter, Topping and Sparks.

NOES: None.

ABSENT: Trustees Tarr.

In witness whereof, I have hereunto set my hand and affixed the Official Seal of the City of Sierra Madre, this 25th day of June, 1925.

L. DIETZ,  
City Clerk of the City of Sierra Madre.

(SEAL)

NOTICE INVITING SEALED PROPOSALS

Pursuant to the "Improvement Act of 1911" and all Acts supplementary thereto or amendatory thereof and to Resolution No. 256 of the Board of Trustees of the City of Sierra Madre, adopted on the 25th day of June, 1925, directing this Notice, the undersigned, City Clerk and Ex-Officio Clerk of the Board of Trustees of said City of Sierra Madre, hereby gives notice that he invites and will receive up to eight o'clock P. M. of Thursday, July 23rd, 1925, at his office in the City Hall of said City of Sierra Madre, sealed proposals or bids for doing the following street work, to-wit:

That all that portion of CAMILLO STREET

between the northerly line of Grandview Avenue and a line drawn across said Camillo Street 500 feet northerly from and parallel with the said northerly line of said Grandview Avenue, be improved by certain grading and the construction of two (2) inch oiled macadam pavement, as shown on Special Improvement Plans hereinafter referred to, all as specified in Resolution of Intention No. 248 of said City of Sierra Madre, same being the Resolution of Intention for said work or improvement, and to which said Resolution of In-

tention No. 248 reference is hereby made for a further and more complete description of said work or improvement, and the assessment district and the Special Specifications of which, referred to in said description, are on file in the office of said City Clerk and also conspicuously posted near the Council Chamber door of said Board of Trustees and the description of said work or improvement and the assessment district in said Resolution of Intention No. 248 contained, is hereby expressly adopted and also made a part hereof, the same as though fully set forth herein.

Bidders must file with each proposal or bid, a check payable to said City of Sierra Madre, certified by a responsible bank, for an amount which shall not be less than ten per cent of the aggregate of the proposal, or a bond for said amount and so payable, signed by the bidder and two sureties, who shall justify before any officer competent to administer an oath, in double the said amount and over and above all statutory exemptions.

Dated at the office of the City Clerk of said City of Sierra Madre, June 30th, 1925.

L. DIETZ,  
City Clerk of the City of Sierra Madre.

hails its kings of miles!

It pays to get the miles out of "Red Crown" that the Standard Oil Company's years of gasoline-making experience have put in it.

Red Crown is simply crowded with miles—see the records below that this year's trophy winners made in the big annual Los Angeles-Yosemite Economy Run. They prove it!

USE THE RED CROWN MILEAGE CARD AND START AN ECONOMY RUN OF YOUR OWN  
The secret that the expert knows is in getting Red Crown's miles out. The new Red Crown Mileage Card—just out—makes it as simple as a-b-c to increase your mileage. It tells what to do for your car—your carburetor—and just how to DRIVE to get 15 to 30 miles extra per tankful with Red Crown.

(Remember—for the biggest event of its kind in the West—they have chosen "Red Crown" exclusively for nine consecutive years. It'll pay you to follow suit!)

Start your own economy run today on Red Crown gasoline with the Red Crown Mileage Card—at your nearest Red Crown pump (red, white and blue)—the best buy in town—by MILES.

### 1925 MILEAGE RECORDS

## Brush Fire Starts in Dangerous Place

What came near to being a serious fire started at the end of North Lima street just north of Miss Graham's residence Monday morning. The fire is said to have been started by a workman who threw away a lighted cigarette stub. The canyon has a natural draft and is directly in line with the Sierra Madre watershed. According to Fire Agent A. M. Udell, only the quick work of the fire department under the direction of George Norris and the volunteer helpers kept the conflagration from developing into a big forest fire.

WANTED—Practical nurse or woman part time work mornings; 227 S. Baldwin. 40:

The committee appointed to arrange for the annual picnic for the Congregational Sunday school request that all expecting to attend be on hand Sunday so that they may know how many are going. Automobiles will leave the church at 9:30 Tuesday, July 7, for Alhambra.

L. C. Kellenberg of Chicago has purchased the Elsner home at 252 East Grand View. The purchase was made through the Byrns auction for the consideration of \$10,000. Mr. Kellenberg purchased the house as an investment.
